

PRODUCT MANUAL

REEL LIFTER

MOVE, FLIP & DISPENSE LARGE REELS OF CABLE & WIRE QUICKLY AND EASILY

Makes handling large cable reels quick and easy, on-site or in warehouses.

- Rugged construction to lift and unpend reels
- Easy rotation to unroll cable
- Counterweighted bottom arm for easy insertion in reel
- Side flipping eye allows reels to be flipped into a non-rolling position
- Repair kits available
- Complies with ASME B30.20.1

The Slingco Reel Lifter is a high capacity, compact unit that allows users in the utility construction industry to safely load, transport, and dispense wire and/or cable on-site. It is also used in many industrial applications to make moving and relocating reels in a warehouse easy. Now a task that normally used a team of three or four people can be done with just one, allowing the crew to operate more efficiently!

Slingco Part No.	Arbor Hole min.		Arbor Hole max.		Capacity		Weight		Length	
	in	mm	in	mm	lb	kg	lb	kg	in	mm
