

# Ratchet Type Cutting Tool

Cut hard cables cleanly,  
smoothly and easily

## RATCHET TYPE CUTTING TOOL

The Slingco ACSR, CUAL, and Guy wire Ratchet Cutters are designed to cut hard cables cleanly and smoothly. The ratchet design provides leverage, increasing cutting force with each open and close of the handles. Makes cutting cable easier compared to manual cutters.

The handles' surfaces are designed to allow a firm, secure grip. The ratcheting action makes these cutters easy to operate even in limited spaces with just moderate pressure.

**DO NOT** use on energized lines.

- ✓ Versions for cutting ACSR, Copper/Aluminum cable, and Small Guy Wire
- ✓ Smooth ratchet operation even in small spaces
- ✓ Strong blades for added durability

Slingco Part No.	Type	Capacity	Length	Weight
